

PRESS RELEASE

01.10.2014

StGiles has asked people to be extra careful if they are approached for telephone donations on their behalf.

“We have had to stop making calls for our new Christmas raffle after we learned of the bogus calls,” StGiles Communications Manager Danielle Blewett said.

A number of calls were received in Launceston and on the NW Coast during Tuesday evening requesting donations after a break-in at StGiles on Monday morning.

The caller is male and hangs up quickly when questioned about StGiles.

Tasmania Police are investigating the break-in and the calls.
